SKILLS - add light version

AI-Enhanced UI/UX Design: AI-Driven Prototyping & UX Research, High-Fidelity UI & Design Systems, Clinical & B2B Interface Logic, Interactive User Flow Mapping, Responsive Web & Augmented Reality Solutions using using Figma, Stitch, Antigravity, and WebAR technologies.

Omnichannel Marketing & Creative: Full-Cycle Art Direction & Campaign Creative Direction, Key Visual (KV) Strategy & Design, Multichannel Brand Assets, Social Media & EDM Collaterals using Adobe Suite.

Technical Strategy & AI: Workflow Automation & AI Pipelines, Generative AI Workflows (Gemini, ChatGPT, Adobe Firefly), Technical Feasibility & AR Strategy, Stakeholder Scoping & Alignment & Management, Agile Workflow, and Cross-Functional Collaboration.

WORK EXPERIENCE (5+ YEARS)

MIMS Pte Ltd - Medical Communications

Philippines (Remote)

Digital Designer - Regional (SG,HK,MY,TW,UAE)

August 2024 - Present

- **Multi-Brand Execution:** Designed high-impact digital assets and marketing materials for a portfolio of global healthcare leaders, including Abbott, AstraZeneca, Roche, Moderna, Pfizer, GSK, Johnson & Johnson, Mounjaro, and Kenvue, among others.
- **Full-Cycle Art Direction:** Managed the end-to-end creative process for major projects, from initial visual concepts to the final execution of responsive websites and high-impact brand assets.
- **AI Workflow Integration:** Integrated generative AI tools such as Gemini, ChatGPT, and Adobe Firefly to rapidly visualize concepts for high-stakes pitches and accelerate asset production.
- **Digital Innovation & Growth:** Proactively identified and tested emerging design tech to optimize team workflows and expand the company's digital portfolio through WebAR and UI prototypes.
- **Technical Layout Precision:** Managed complex layouts and scientific figures for medical publishing, ensuring 100% accuracy and strict adherence to industry standards.
- **Key Achievement:** Earned the 2026 MIMS APEX Rising Star Award for outstanding contributions to digital design that expanded the company's service offerings and secured major client projects.

Amazon

Pasay, Philippines (Onsite)

3D Artist

2022-2024

- **Global AR Production:** Developed high-fidelity 3D assets for **Amazon's WebAR** platform, supporting Nike, Adidas, Under Armour, New Balance, Timberland, and Vans, among others.

- **3D Asset Modeling:** Spearheaded comprehensive modeling and UV unwrapping in Maya and ZBrush to create optimized assets for real-time web environments.
- **Photorealistic Texturing:** Developed highly realistic textures and materials using Substance Painter and Photoshop to ensure digital assets perfectly matched physical products for e-commerce.
- **Pipeline Collaboration:** Partnered with cross-functional art and technical teams to ensure stylistic cohesion across the Amazon AR ecosystem.
- **Workflow Optimization & QA:** Managed mesh topology, texture budgets, and file structures to streamline high-volume production pipelines without compromising visual quality.
- **Key Achievement:** Selected as the 2022 Production Awardee for maintaining the highest standards of output, technical accuracy, and efficiency within the MNL Amazon 3D ecosystem.

Frontpage Digital-LTD

Philippines

UI/UX Designer (Contract)

2024

- **UI/UX Design & Prototyping:** Architected end-to-end responsive web and mobile interfaces for GoGorilla's Fintech platform, transforming complex financial workflows into intuitive, high-fidelity prototypes.
- **Cross-Functional Collaboration:** Partnered with engineering, product, and marketing teams to establish user-centered interface logic, balancing high-impact design with technical feasibility.
- **Design Systems & Branding:** Engineered and scaled a centralized digital design system and visual framework, ensuring seamless cross-platform consistency and accelerating development handoffs.
- **AI Workflow Integration:** Leveraged generative AI pipelines into production workflows, significantly accelerating asset creation and optimizing overall design-to-web efficiency.
- **Technical R&D & Optimization:** Spearheaded asset performance optimization, utilizing FFMPEG to compress and optimize complex 3D video assets for seamless, high-performance web integration.

Iyuno-SDI

Philippines

Webtoon Editor and Designer

2021-2022

- **Multilingual Layout Design:** Spearheaded the redesign and layout optimization of Webtoon titles for global localization, ensuring visual consistency across multiple languages and cultural contexts.
- **Design Standards QA:** Led comprehensive QA/QC workflows to maintain high-caliber design standards across a diverse portfolio of titles, ensuring 100% accuracy and process compliance.
- **End-to-End Title Management:** Managed the full production lifecycle for designated titles, delivering high-precision design work while strictly adhering to complex publishing timelines.
- **Technical Brand Consistency:** Developed and maintained specific design processes to ensure localized assets maintained absolute brand integrity across global regions.

EDUCATION & CERTIFICATIONS

Holy Angel University | *June 2018 – June 2022*

- Bachelor of Science in Civil Engineering, Major in Structural Engineering
- *Magna Cum Laude*

User Experience Bootcamp (UI/UX) | *Up Version* | *June 2024*

Chingu Voyage Certification - Web Development | *Chingu* | *Nov 2023*

3D Modeling, Rigging, and Animation | *Department of Information and Communications Technology (DICT)* | *June 2022*
